## What do we do about Halloween?

### **Do some thinking in advance**

Start early so you're not having to make decisions or explain things when you're not sure about your views. Do some thinking, reading or chatting with wise people and God.

### **Consider what it might look like for your family this year**

How you approach Halloween will depend on your views but also the age and personalities of your children and what's going on where you are.

### **Decide what you'll be doing**

Make your plans so you're all clear about what you're doing. Remind them that every family's different and it's okay to do your own thing.

### **Talk about it with your family**

Involve the whole family. Share what you think and why, and invite their ideas and questions too.
